

Experienced Canteen Manager for airport project in Ilulissat, Greenland.

During the next 3 years, Munck Civil Engineering are building airports in Nuuk and Ilulissat. For the project in Ilulissat, we are now looking to recruit an experienced and committed canteen manager.

As our new canteen manager, you will be responsible for operation and maintenance of our camp canteen.

In the canteen, food is prepared and served to the airport project staff. Approx. 120 employees consume their daily meals in the canteen.

You will be responsible for a kitchen team of 5 - 10 employees.

You will be responsible for:

- Shift planning and coordination of activities in the kitchen and canteen
- Menu planning, purchasing of food and materials, guidance of the cooking and cleaning activities
- Management and motivation of the kitchen and cleaning staff (a team of xx employees)
- Coordination with the camp manager

We are looking for a person, who:

- Are a skilled chef min. 5 years of experience – e.g. as a ship chef, canteen chef or butler
- Has experience with management and motivation of a kitchen team
- Manage to create great dining experiences based on the gastronomic platform available
- Can ensure good service and satisfied guests
- Are flexible, committed and energetic
- Holds a regular driving license

We offer:

- A unique opportunity for working and living in Greenland
- Professional and personal experience from an international infrastructure project
- Board and lodging in our camp near the construction site
- Salary and terms of condition according to qualifications

You will refer directly to the senior project manager, Rasmus Schmidt-Petersen.

Interested?
